PARISEVA PARIWAR HUB

One Hub. Multiple Services. Better Living.

An Integrated Centre for Wellness, Healthcare Support, Domestic Care, Business Services, Product Distribution and Community Development.

Infrastructure and Space Requirements

The proposed Hub requires approximately 1,500 **square feet** of premises, strategically divided to support its operational and institutional activities.

1,500 sq. ft. dedicated to Hub operations and service delivery.

This integrated infrastructure is intended to support efficient service coordination, professional operations and community engagement.

Aesthetic Wellness Care

The Hub will facilitate access to a range of specialised wellness and healthcare-related units, designed to address different aspects of preventive care, physical well-being and patient support.

The proposed wellness units include: :

- Detoxification Unit
- Diabetic Care Unit
- Blood Collection Unit
- Doctor's Outpatient Department (OPD)

These services will operate subject to applicable clinical requirements, qualified personnel, necessary registrations, and relevant regulatory approvals.

OUR KEY SERVICE DIVISIONS

Integrated Services | Trusted Partners | Stronger Communities

1 Healthcare Service Coordination

The hub will coordinate with participating healthcare professionals, institutions and service providers to facilitate access to healthcare services. Its responsibilities may include provider onboarding, appointment coordination, patient assistance and service management.

This approach aims to simplify access to participating healthcare services while maintaining an organised and convenient service experience for families.

2 Diagnostic Care Services

The Priority Hub will also facilitate access to diagnostic and laboratory services through its network of participating diagnostic centres and authorised service providers.

Activities may include diagnostic service coordination, test booking, sample collection arrangements, report coordination and patient guidance, subject to applicable licensing and operational requirements.

3 Domestic Care Services

The Domestic Care Services division will connect households with local service professionals, including domestic helpers and other home-maintenance providers.

The hub can onboard participating service professionals, maintain service-provider records and facilitate connections between customers and available professionals. This model aims to improve access to household services while creating opportunities for local workers and independent service providers.

4 KIT Care Services

The KIT Care Services division will facilitate the distribution of approved care kits and wellness products, connecting customers with participating local retailers and vendors.

Our KIT Offerings

5 Business Care Services (Vyapar Seva Kendra)

UPTO 25% Cost Less Members Only

The Business Care Services division will support local businesses by connecting participating vendors, service providers and customers through an organised network.

The hub will facilitate business onboarding, improve local visibility and help participating businesses reach a wider customer base. This initiative is intended to encourage local entrepreneurship, strengthen business relationships and promote community-level economic participation.

HUB REVENUE

Revenue Projection Based on Current Assumptions

1 Pariwar1 Card (Yearly)

Let's assume 20,000 family purchase Pariwar1 Card = 20,000 card every year

Hub Revenue : Rs. 25/- per card sale

20,000 × 25 = Approx Rs. 5,00,000/- per year

Monthly Income : 5,00,000 ÷ 12 =

Approx Rs. 41,600/- Per Month

2 Kit Care Service (Monthly)

Let's assume 1% of 20,000 family = 200 Kit / month

Let's assume Kit Price Rs. 2,000/-

Total Sale : 200 × 2,000 = Rs. 4,00,000/-

Hub Revenue (10%) =

Approx Rs. 40,000/- Per Month

3 Product Sale (Monthly)

Let's assume 20,000 family × 4 Member = 80,000 Consumer

Daily 1% = 800 Consumer, Value Rs. 500/-

Daily Sale : 800 × 500 = Rs. 4,00,000/-

Monthly Sale : 4,00,000 × 30 = Rs. 1,20,00,000/-

Hub Revenue (10%) =

Approx Rs. 12,00,000/- Per Month

4 Health Care Service (Monthly)

Let's assume 1% of 20,000 family = 220 family

Daily Service Bill : 200 × 500 = Rs. 1,00,000/-

Monthly Service Bill : Rs. 1,00,000 × 30 Days = Rs. 30,00,000/-

Hub Revenue (10%) =

Approx Rs. 3,00,000/- Per Month

5 Business Care Service (Monthly)

Let's assume 1% of 20,000 family = 220 family

Daily Service Bill : 200 × 500 = Rs. 1,00,000/-
